

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

FOR SESSION

1892-93.

In February, 1892, the Universities Commissioners issued an Ordinance (No. 18), empowering the Scottish University Courts to make provision within the Universities for the instruction of women, either by admitting them to the ordinary classes, or by instituting separate classes for their instruction. The Council of Queen Margaret College having considered the provisions of this Ordinance, came to the conclusion that the purpose for which the College had been instituted would be best served by making over their work to the University of Glasgow. They, accordingly, with the concurrence of Mrs. Elder, the proprietrix of the buildings and grounds hitherto occupied by the College, offered to transfer to the University Court these buildings and grounds, and the endowments (present and prospective), on condition that these should be devoted to the establishment and maintenance of University Classes for women exclusively. The University Court, having resolved to exercise the power conferred by Ordinance No. 18, and to provide University instruction for women mainly by the institution of separate classes, agreed to accept the offer made by Queen Margaret College, and remitted to a Committee to take the necessary steps for completing the transfer. In virtue of this arrangement the teachers in Queen Margaret College have been appointed by the University Court, the classes taught there are University classes, and the students are students of the University.

COLLEGE CLASSES.

Attendance upon the Arts Classes qualifies for the Degrees in Arts of the University of Glasgow. Attendance upon the Classes in Medicine qualifies for the Degrees in Medicine of the University of Glasgow.

By Ordinances No. 3 and No. 22 of the Commissioners under the Universities Act of 1858, every student is required at the beginning of each Session to matriculate by enrolling her name in the University album before joining any class. The office of the Hon. Secretary of Queen Margaret College will be open for the purpose of matriculation on and after Saturday, 1st October. The Matriculation Fee is £1 for the Academical year; for the Summer Session alone, 10s. Matriculation for the Winter Session ends on 14th November.

Students are entitled, after matriculation, to the privilege of admission to the University Library, to the use of the Reading Room in Queen Margaret College, and, under certain conditions, to admission to the Hunterian Museum. Strict order and silence must be observed in the Reading Room; an adjoining room is provided for students who wish to wait between two classes.

Medical students have access, for the usual attendance in the wards and on the Clinical Lectures, to the Royal Infirmary.

Students who wish to graduate (Public students) must follow the curriculum prescribed for the Degree for which

they are studying. Students who are not working with a view to graduation (Private students) may take any classes, and in any order they wish.

A distinction is made between Public and Private students. The former are required to undergo examinations, and to read or perform exercises on the subjects treated of in the Lectures, and they only are allowed to reckon their Sessions of study as a qualification for proceeding to Degrees in the several Faculties.

Persons who are not matriculated students of the University may be admitted to any course of instruction in the College, not included in the course of study for graduation in any Faculty, on payment to the General University Fund of an Entrance Fee of five shillings in addition to the Class Fee; but such payment does not entitle to any University privilege except admission to the Reading Room of Queen Margaret College.

The Session of the Arts Classes begins on the 18th October and ends not later than 10th April. The Winter Session of the Science and Medical Classes begins on the 11th October and ends on 24th March, and the Summer Session of these classes begins on 24th April and ends early in July.

Class Tickets will be obtained and Fees paid at Queen Margaret College, Kelvinside, Glasgow. *All Fees must be paid in advance.* Students are requested to enter their names before the first Lecture of the Courses which they propose to attend.

The Secretary's office at Queen Margaret College will be open during the Winter Session from 10.30 a.m. till 5.30 p.m., except on Saturdays, when it will not be open after 1 p.m. During the Summer Session the office hours are from 11 a.m. till 5 p.m., except on Saturdays, when the office will be closed.

NOTICE TO STUDENTS.

The attention of students who take classes in Arts with a view to graduation is called to the new Ordinance for Graduation in Arts, Sections iii., iv., v. (see page 48), which shows that such classes do not count until the Preliminary Examination has been taken. Section xxix. provides that students may attend any classes without having passed the Preliminary Examination, but such attendance shall not qualify for graduation. For a Degree in Arts, candidates must attend full courses of 100 lectures each in seven subjects (see Ordinance, Section vii., page 49), and their attendance on the classes must extend over not less than three winter sessions, or two winter sessions and three summer sessions. The classes will meet daily, except on Saturdays, unless otherwise specified.

LIBRARIES, MUSEUM, CHAPEL.

UNIVERSITY LIBRARY.

Every matriculated student enrolled in a Class is entitled, on lodging with the Librarian a deposit of One Pound, to obtain three volumes (in summer four volumes) at one time, and to retain any book for two weeks (in summer four weeks) from the date of borrowing; and, further, to re-borrow any book for successive periods of two weeks (in summer four weeks) unless application for it shall, in the meantime, have been made by another person entitled to the use of the Library.

If any book be not returned within three days after notice shall be sent by the Librarian requiring the return of such book, a penalty of One Shilling a volume is incurred, and a further penalty of Sixpence a volume for each day so long as the book is not returned, until the full amount of the fine shall exceed the sum for which the book can be replaced in the Library.

Books belonging to the Library must not be privately transferred from one reader to another; and must not be lent to graduates or students who are not readers.

The Librarian is strictly forbidden to send books by a public conveyance, or do more than deliver books over the counter to a person properly authorised to receive them; and he is empowered, if he think fit, to decline to give out books to any one other than the reader applying in person.

A general inspection of the Library, and of the record of the borrowing and returning of the books, takes place annually in April, beginning with the 15th and ending with the 22nd. During the period of the annual inspection the

Library is closed, and all books must be returned to the Library before the commencement of such period, under a penalty of not less than One Shilling a volume ; and in the event of any volume not being returned before the expiration of one week after the last day of the inspection, the fine is repeated weekly, until such volume is returned, or until a copy of the work of the same edition, and of equal value, shall, at the expense of the borrower, be placed in the Library in its stead.

So long as any person shall remain in possession of a book which she is not entitled to retain, or shall allow any fine incurred to remain unpaid, the right of such person to borrow or retain any books whatsoever, or to exercise any of the privileges of the Library, is suspended and remains in abeyance.

Each person returning a book to the Library must see that the book is marked as returned opposite the corresponding entry in the Receipt Book. Every borrower is liable to replace any volume entered in the Receipt Book in her name and not so marked as returned.

WHEREAS, etc.

II. III. The conditions for graduation within any Faculty in which women are admitted to graduation, shall be the same for women as for men, subject to the following modifications, which shall have effect until within each Faculty provision is made for the instruction of women in all subjects qualifying for graduation, in which provision is made for the instruction of men :—
